STATEMENT OF HISTORY
The Fairview Greenburgh Community Center, named after long time serving Executive Director Theodore D. Young, is a multi-purpose facility that offers educational, cultural, social, and recreational services designed to meet the needs of a diverse community. The mission is to increase the potential of Greenburgh residents, their families, and the community to overcome institutional, social, and personal obstacles and to increase their capacity to generate economic, social, and personal resources needed to enhance the quality of their lives.

The history of the “Center” speaks to its importance in the lives of its residents within the Town of Greenburgh. Beginning in the late 1960’s the residents of the Town recognized the problems facing their predominantly low and moderate income minority neighbors living in the heart of a stereotypical wealthy Westchester County. Working together with local officials they opened the towns’ first Youth Center in a vacant store front then moved to a larger facility which was an abandoned restaurant. The Youth Center quickly outgrew that space and community leaders, along with town officials, submitted for the Neighborhood Facilities Grant in 1969 to secure funding for the construction of a facility located within the Urban Renewal area of the Fairview section of Greenburgh.

The Fairview-Greenburgh Community Center opened its doors at the present location in 1972 serving a predominately minority population ranging in age from Kindergarten through Senior Citizens. The service population became more ethnically diverse over the years. The Community Center has grown to provide a well-rounded choice of services and programs for youth including an After-School Program, Recreational Sports Leagues, Roller-skating, Theater Arts Classes, Dance Programs, Entrepreneurial Programs, and Operation Crossroads.

In 1981, the Center broke ground to include a 6-lane Olympic-size Indoor Pool. The Natatorium is located at the rear of the building. The pool opens at 5:30am and provides programs throughout the day such as Adult & Youth Instructional Swim, Lifeguard Training, Cornerstone Swim Team, Aqua Boot Camp, and Morning exercise, just to name a few.

Visiting the TDYCC facility for the first time one finds that the building is very deceiving from the outside. Our downstairs lounge area is used extensively by our seniors that number well over 100. One of our main draws for the youth in this community is our full-size basketball gym which also serves as a multi-purpose room. With the addition of a second floor, we now have a Performing Arts Studio, Audio/Visual Room, Library/Computer Laboratory, Classrooms, and a Fitness Center.

AFTERSCHOOL PROGRAM - XPOSURE
GREENBURGH INSTITUTE

At Xposure, our mission is to expose children and adolescents, and even adults, in areas where there is a need, to the Worlds of Science, Technology, Finance, Work Ethics, Nutrition and Community Service while helping to build stronger Parent/Child Partnerships.

The goal of Xposure is to provide a quality program that is safe, interactive, informational, and life expanding. Our belief is that a holistic learning approach to exploring the world is needed early in a child’s development. This opens their eyes to the infinite number of opportunities they have. It also helps them to become successful and productive members of society.

To meet the physical, intellectual, social, emotional and recreational needs of children, our program will:
- Offer fun, enriching, age-appropriate and recreational activities that help promote confidence, self-esteem and responsibility.
- Provide children a safe and secure environment staffed by warm, competent, caring and qualified child care professionals.
- Provide a relaxed atmosphere where children can socialize and make new friends.
- Provide a nutritional snack.
- Provide some time for and homework assistance.

For further information feel free to email Theresa Robinson, Program Manager - trobinson@xposureschools.com.

DEPARTMENT OF COMMUNITY RESOURCES HUMAN SERVICES PROGRAM

The Department of Community Resources serves as a conduit for those residents that may require additional assistance to improve their quality of life. In keeping with the stated mission of the Department of Community Resources, the TDYCC facility has been used to provide and sponsor quality programs and activities to Town of Greenburgh residents that have a demonstrated need. We strive to ensure that all patrons have the opportunity to take advantage of programs that will further their development and improving their chances in an evolving competitive world.

For many years we have worked closely with the Greenburgh/Elmsford Community Action Program (C.A.P) to provide quality services and referrals to those within the immediate service area of the Theodore D. Young Community Center facility. We are proud to note that the relationship continues to strengthen and serves as a foundation for new alliances we are forming. Our ultimate goal is to develop a premiere network with Human Services providers that will allow us to maximize the accomplishment of the “People Service” objectives in our Departmental Mission Statement.

Brief description of the organization: Located in Westchester County, Town of Greenburgh, New York, Westchester Community Opportunity Program (WestCOP), Greenburgh/Elmsford Community Action Partnership is a private, not-for-profit 501(c)(3) corporation founded in 1965. The purposes of the Community Action Partnership are:

A. To mobilize, coordinate and/or direct the resources of town and village and social district to lessen the impact of poverty.
B. To endeavor to increase permanently the capacity of the community and the groups of individuals afflicted by poverty to deal effectively with their problems to the end that they would need no further extraordinary assistance.
C. To promote the participation of residents and members of poor minority communities in planning and carrying out programs to help themselves.
D. To offer service to all residents in the town with preference being afforded to low-income, and disadvantaged and at-risk populations.

For 51 years, WestCOP’s mission has been to help low income residents fight poverty through programs, which foster self-sufficiency. Greenburgh/Elmsford Community Action Partnership’s primary target group has traditionally been low income persons including women, minority populations, ex-offenders, substance abusers, displaced homemakers, dislocated workers and youth. Greenburgh/Elmsford CAP provides over 4,400 services to low-income households annually through its various programs. Clients are directed to us by a number of sources; friends, relatives, schools, other agencies, and through their own research.

Since its inception, Greenburgh/Elmsford Community Action Partnership has operated a variety of programs that have made staff fully familiar with the employment needs of the town’s disadvantaged population.
