2005 POLICE DEPARTMENT FACTS

During 2005, the Greenburgh Police Department responded to 6,158 calls for medical assistance. The unincorporated area of the town accounted for 3,555 responses while 2,603 came from within the six incorporated villages.

Within the same year, 920 Serious Offenses were investigated by town police, the lowest number recorded in more than 30 years. The department also set another record in 2005 by logging 36,139 calls for service, the highest number ever. In carrying out its law enforcement mission police officers conducted 1,632 arrests and issued 6,634 uniform traffic tickets and 5,121 parking summonses.

The increased use of the Hudson River for recreational purposes and the security of the Tappan Zee Bridge served as the impetus for the town and several village police departments to create the first-ever town/village Marine Unit. Through the Federal Surplus Property Program, a 21’ Zodiac, Center Console Inflatable Boat was secured and eleven officers initially received training in Maritime Law Enforcement. In its first abbreviated year of service, the Hudson Enforcement and Assistance Team (HEAT) logged more than 500 patrol hours, resulting in numerous vessel inspections being conducted and summonses issued. The unit also effected an arrest for Boating While Intoxicated, recovered a stolen vessel and successfully investigated a hit and run boating accident.

The Greenburgh Drug and Alcohol Task Force comprised of town and village police officers, which was formed in late 2002 to address the drug and alcohol problems among young people town wide, has been an extraordinary example of what can be accomplished through the sharing of resources. In 2005 alone, the unit effected 351 arrests, 95 of which were for felony offenses. A total of 86 arrests occurred within the unincorporated area of the Town, while 215 took place in the villages. The balance occurred in nearby communities. Since its inception, the Task Force has seized 622 pounds of Marijuana and Hashish; 75 grams of PCP; 2,453 grams of powder Cocaine and Crack; 324 ounces of GHB; 1,107 bags of Heroin; 512 Ecstasy pills; 50, 10 ml bottles of Ketamine; 2.5 ounces of Crystal Methamphetamine as well as a variety of prescription pills, steroids, other drugs and alcohol with a street value of over $2,100,000. Additionally, they have recovered over $100,000 in stolen cash and property and confiscated 12 handguns and 9 rifles. The cash and other tangible assets seized, which includes 18 motor vehicles, totals over $6,000,000.

The department’s, award winning, Child Safety Seat Inspection Station, examined more than 1,400 Child Safety Seats during 2005, nearly twice the number of any other station in the state.
The Arts and Culture Committee continues to provide a positive, artistic presence in the Town of Greenburgh. This year, the ACC purchased and placed art and plants in public spaces as well as in many individual offices and conference rooms at Town Hall. In addition to finding and exhibiting art in various Town venues (new this year, outdoor art at Town Hall), fundraising ($13,000 raised in ’06), and interfacing with Town Departments and citizenry on issues related to arts and culture, the ACC manages the Poetry Caravan, sponsors an annual inter-generational poetry contest, and coordinates writing workshops for children who love to write.

In September, the ACC appointed Greenburgh’s first Poet Laureate, Brenda Connor-Bey. This appointment once again puts Greenburgh at the forefront: there is no other Poet Laureate in Westchester County. The New York Times, Journal News and Scarsdale Inquirer all wrote glowing news stories about the appointment and the Arts and Culture Committee’s activities. Since then, other communities have sought us out for guidance on creating similar arts and culture organizations or Poet Laureates for their Towns.

The ACC was recently awarded a grant from the Westchester Center for Creative Aging to enact “Times of Our Lives,” an inter-generational project with middle school students, adult poets and seniors at The Woodlands in Ardsley.

Various ACC Projects:

I. Visual Art - painting, drawing, photography, and digital creations*
   - 22 exhibits in main Town galleries (Madeleine Gutman Gallery, Children’s Gallery Theodore Young Community Center, Town Court Gallery, and Multipurpose Center Gallery)
   - 13 exhibits throughout Town Hall

II. Programs
   - Selection, appointment, and presentations by Greenburgh’s first Poet Laureate Brenda Connor-Bey
   - 35th annual Poetry Contest and Awards Program
   - Poetry Reading and Book Party celebrating publication of poetry contest anthology
   - Hosted 8 receptions for artists/programs
   - 12 two-hour KSSC writing classes
   - 115 Poetry Caravan site visits
   - 5 Poetry Caravan public readings
   - 9 Poetry Caravan writing workshops

III. Collaborative Activities
   - Delta Sigma Theta Sorority: a “Community Health Program,” and a “Scholarship Awards program”
   - Parkway Homes Garden Club: a two-day Flower Show and Judges’ luncheon
   - Edgemont High School: “Anti-Drunk Driving” exhibit at Town Court
   - Energy Conservation Dept. & Woodlands High School: a long term exhibit in Town Meeting Room
   - Town Historian Frank Jazzo: Washington/Rochambeau 225th Commemorative March to Yorktown, Virginia - exhibit, historical lecture, and reception

IV. Publications
   - KSSC Magazine
   - Let The Poets Speak - contest anthology
   - KSSC newsletter

*A conservative estimate is that 25,000 people view Greenburgh’s various art exhibits

The Greenburgh Public Library is especially outstanding on a wide variety of counts. It is the best or near best in Westchester county, despite an inadequate physical facility.

WE ARE PROUD THAT:

1. Over 399,322 visitors came into the building giving us 8.6 visitors per capita.

2. We had the second highest total circulation for libraries in Westchester County except for Yonkers which has four times the population.

3. In the past five years, total circulation has gone up over 40%.

4. In the last two years, program attendance has gone up 10%.

5. **WE GIVE EXCEPTIONAL SERVICE:** Its staff is widely considered one of the best in the County. The Library has 9 reference librarians on staff with 154 years of combined experience, or an average of 17 years of experience per librarian.

6. The reference staff (10 librarians and 3 assistants, all with college degrees) field over 120,000 reference questions per year.

7. **WE OFFER RICH AND WELCOMED PROGRAMMING:** The Library offered 688 programs in 2005 with a total attendance of 14,000 people, a 10% increase over 2004.

8. In 2005, the Children’s Room, supervised by 3 children’s librarians, conducted 320 programs with over 7,000 attendees. One of the Library’s clerks has been inspired to get her Masters in Library Science with the aim of becoming a children’s librarian.

9. **WE OFFER SUPERB COMMUNITY OUTREACH:** It is the only library in Westchester with a Cybermobile, which brings books and Internet services to locations around the community as well as specific programs directly to the area schools.

10. While the County average of paid staff per each 2,000 population served is 2.08, ours is 1.7, assuring the community that we are working efficiently as well as effectively.
TO: Honorable Town Supervisor

FROM: James L. Heslop, Town Comptroller

RE: Town Comptroller’s Office - FYI

DATE: October 25, 2006

Per your request the following statistical information, the average annual number, is provided:

- Purchase orders and claim vouchers processed – 5,000
- Vendor payments – 7,000
  Payroll checks and Direct Deposit payments -- 25,000
- Financial transaction – 45,400
TO: James Heslop, Comptroller
FROM: Timothy W. Lewis, Town Attorney
DATE: October 26, 2006
RE: Legal Department Facts

Below please find several positive and interesting facts regarding the Legal Department:

- In 2005, 128 legal claim files were opened up by this Department. As of October 31, 2005, the Town of Greenburgh paid 21.8% (28 claims) of those claims, for a total amount of $102,932.56. The remainder of those claims have either been dismissed or are pending.

- The estimated average weekly fine revenue generated from the prosecution of Vehicle and Traffic summonses for the State is $11,000.00 and for the Town is $5,000.00.

- With respect to tax certiorari proceedings, there does not appear to be any appreciable decrease in the number of filings in 2006 as compared with previous years. Over the course of the last fiscal year, several Court proceedings have been resolved successfully in the Town's favor, thereby reducing the amount of refunds payable to petitioners. Also, steps have been taken to work even more closely with the ten (10) school districts within the Town, as well as the several fire districts and the County of Westchester, in an attempt to co-ordinate efforts to reduce refunds on settled cases. Early indications in the latter part of 2006 are that this effort will pay dividends to all parties concerned in 2007.
DPW/ENGINEERING

F.Y.I.

- Approximately 330 vehicles in Fleet
- Salt Storage Shed has the capacity to hold 5,000 tons of salt; the amount used can vary from season to season depending on weather conditions
- Tons of Recycling collected (2005): Commingles: 1,092.54 Newspapers: 3,249.05
- Tons of Garbage collected (2005): 24,057.24; Yard Waste: 11,668.17
- Number of men on each truck: Ranges from 1 to 4 depending on truck size and task
- Road Mileage: 130.86
- Miles of roads repaved: The miles of roads repaved depends on the funding level provided in the Capital Budget; and the analysis and prioritization of roads that are determined to be in need of repair
- Cost per mile to repave road: Contingent on width and pre-existing condition of roadway

In addition, the department issues approximately 225 street opening permits annually.

WATER & SEWER Department FACTS for 2006

The department (a division of D.P.W.) has 29 employees with three current vacancies. Six of these employees are dedicated to the operation and maintenance of the two pumping stations/treatment plants where a NY State Licensed Water Operator is on duty 24/7. We operate 21 vehicles including cars, utility trucks, dump trucks, loader/backhoes and a sewer jet/vacuum truck.

**Water System**
Approx. 225 miles (1,188,000 ft.) of Water Mains ranging in size from 4” up to 24” in dia.
Pumping Capacity: 13 Pumps at two Stations for a total capacity of approx. 25 Million Gallons per Day (MGD).
2 old Emergency Standby Pump Stations capacity is 2 MGD.
Emergency Power: complete back-up system of one 12 cyl., 750 kW diesel generator and one 16 cyl., 1,200 kW diesel generator.
There are six steel storage tanks with a total capacity of 4 million gallons.
Total Water Delivered to System in 2005 was 3.168 billion gallons or 8.68 million gallons per day (mgd) including wholesale water to the Village of Irvington, Blythdale Children’s Hospital, the Village of Elmsford (emergency only) and the Westchester County Medical Center – “Grasslands” (emergency only).
Total delivered in-district was 2.680 billion gallons or 7.342 mgd to 9,700 service connections.
There were 33 new connections made for new customers in 2005.
There are 1,750 fire hydrants in located in eight different fire districts.
We read and billed approximately 3,170 meters every month covering the entire district once every three months.

**Sewer System**
Approx. 200 miles (1,056,000 ft.) of gravity Sewer Mains ranging in size from 6” up to 24” in diameter.
There are two sewage pumping stations with a total of 4 pumps that serve a very small portion of the district. Both stations have back-up emergency power generators that use natural gas for fuel.
All of our sewers feed into the Westchester County trunk sewers that feed the sewage treatment plants operated by the County.

RE: 2007 Department Facts

Below are some facts about the Town of Greenburgh Department of Parks and Recreation for your review and selection. I assume you will not use all of them but feel free to use the items that you feel will be of interest to the community.

**Department Facts**

**Parks Division In-House Completed Projects**
- Installed a sun shade structures over the AFV Park swim complex playground and main pool area.
- Completed the construction and dedication of the Jack Randall Platform Tennis Warming Hut
- Installed new exterior lighting for the Massaro Park building.

Approximately 3,700 annuals where planted throughout the park system in 2006. Included was the use of tropical material such as bananas trees, elephant ears and caladiums.

Over 170 shrubs and trees were planted in town parks.

It is estimated that 322,156,800 gallons of pool water was filtered during the pool season at Massaro and AFV Parks. This figure is based upon a filter rate of 1,880 gallons per minute x 24hrs a day time x 119 days.

**Nutrition Facts**

35,000 hot lunch meals are prepared and delivered 5 days a week to homebound seniors by The Town Nutrition Program each year. Another 90,000 meals are also prepared in our 'central kitchen' for seniors who gather at senior centers. In addition over 4,000 rides are given to seniors attending our recreation programs plus grocery shopping and medical appointments.

One of the nutrition program drivers who is 78 years old will climb over 78,000 steps in a year to deliver meals to home bound seniors.

XXVII
There are 185 participants registered in various special recreation programs.

**Day Camps**
Total number of children attending Greenburgh Parks and Recreation Day Camps in 2006 was 561.

**Dog Swim Special Event** in 2006 had 173 dogs participate. Town board approved a resolution to develop a portion of East Rumbrook Park in 2007 as a future location for a one acre dog run.

**Sports Programs**
Winter Basketball League: 760 children participated in 2006
Massaro Park Summer league had 120 participants.
Baseball Camp and Clinic had 193 participants

In the Town’s Adult Softball leagues last summer, 46 games rained out, 6565 runs were scored and over 1987 innings were played in 290 games.

**Pool Attendance in 2006**
Anthony F. Veteran Park: 76,792
Massaro Park: 2,908

Subject: Department of Community Development & Conservation 2005 Annual Report

In 2006 the Department of CD&C has held over 300 meetings with the general public and applicants concerning pending and proposed applications; fielded over 3000 phone inquiries from the public concerning zoning questions, code issues, development and applications process and procedure in the Town of Greenburgh. The following is the 2006 Annual Report of the Department of Community Development and Conservation:

Applications before the Town Board, Planning Board, and Zoning Board of Appeal:

Town Board:
- 5 new applications have been submitted to the Town Board, 2 were approved, 3 are currently under staff or SEQRA review, and 4 other applications were approved which were carried over from 2005.

Planning Board:

In 2006, the Planning Board reviewed and approved 4 new steep slopes permits and 1 which was carried over from 2005. One application is currently being considered by the Board, and 9 applications are under staff review.

- In 2006 3 site plan applications are being review by staff, 3 were approved which were carried over from 2005, and two are currently before the Planning Board for consideration.
ENERGY CONSERVATION COORDINATOR

2006 FYI'S

In 2006, the major energy efficiency retrofit project in a Town facility was Town Hall. In January 2006, we completed the upgrade of standard fluorescent and incandescent lighting fixtures with energy-efficient lighting and ballasts, and installed occupancy sensors to turn lights off when rooms are unoccupied. Projected annual savings, according to the New York Power Authority:
Annual Bill Savings: $26,600
Annual Energy Savings: 310,000 kWh
Oil Saved: 522 barrels
Greenhouse Gases Avoided: 211 tons

In April 2006, we installed a demonstration solar electric system at Town Hall. The installer estimates that this 5.6kW (DC) system will produce roughly 6843 kilowatt hours (kWh) of electricity per year. This is very roughly equivalent to the electric use of the average household in New York State, 6,011 kWh average per household (2003 figure). The generation of 6843 kWh of electricity from this “clean” source is equivalent to avoiding the emission an estimated 7,460 pounds of CO2, the primary greenhouse gas. In the first 6 months of operation alone, our PV system has produced over 4,000 kWh of clean electricity!

Since late 2002, every new home built in the Town has been required to meet ENERGY STAR® standards. These homes use approximately 30% less energy than conventionally built homes.

As of the 2000 census, there were 16,437 housing units in the unincorporated Town of Greenburgh. If every one of these homes replaced at least one regular incandescent bulb or fixture with one that has earned the government’s ENERGY STAR® label (such as a CFL or compact fluorescent light), the community would save 4,635,234 kWh of electricity, the environmental equivalent of removing 117 cars from the road while also reducing the amount of greenhouse gas emissions going into the air by 7,314,465 pounds. Every home can take a step towards preserving our energy resources and environment!
In 2006, CD&C received 7 applications for subdivision review, 6 are currently being reviewed by staff, 1 is being considered by the Planning Board. The Board heard and approved 4 subdivision applications from previous years (2004 & 2005). They are currently reviewing 5 active applications. There are 9 subdivision applications under going staff review.

9 wetland/watercourse projects were reviewed by the Planning Board, 5 were approved, and 1 was withdrawn. 6 applications were review and approved from 2005.

The Board currently reviewing 2 renewals for special permit and considering a new special permit application.

Zoning Board of Appeals:

32 new applications for consideration by the Zoning Board of Appeals, of which 15 have been approved, 1 application was denied and 3 were withdrawn. The Zoning Board of Appeal considered and approved 10 applications that were held over from 2005 and denied 1; 5 were withdrawn at the applicants request;

Tree Permits

The Department has received, reviewed, and conducted site inspections for approval of 48 tree removal permits. The Department has also issued 5 summonses for tree removal without a permit.

Wetland and Watercourse Permit Review

The Department has also received, reviewed, and conducted site inspections in relation to over 265 wetlands/watercourse clearance form applications; 254 applications were approved.

In our enforcement capacity the Department has issued one (1) notice of violation for work in a wetland/watercourse or adjacent buffer area.

Cc: Members of the Town Board
    Alfreda Williams, Town Clerk
The Office of Philanthropy and Intergovernmental Relations seeks to help the Town of Greenburgh identify, attract, coordinate, and manage resources that strengthen and enhance the community.

Major Accomplishments:

Worked with New York State Environmental Facilities Corporation and various Town Departments to successfully coordinate the Taxter Ridge Park Acquisition and ultimately obtained low cost financing of $3,487,781.00 for this project, saving the taxpayers a significant amount.

Obtained a Grant from New York State Archive in the amount of $70,243.00 for the creation of a state-of-the-art Records Room in the Town of Greenburgh.

Secured - U.S. Department of Housing and Urban Development EDI-Special Projects funding for the following:

Expansion & Renovation of the Greenburgh Public Library - $99,410.00
Upgrades and Renovations to Webb Park - $96,224.00

Secured - New York State Office of Parks, Recreation and Historic Preservation funding for the following:

Dog Park for the Town of Greenburgh - $45,000.00
Generator for Greenburgh Town Hall - $75,000.00
Additional Funds for Generator at Greenburgh Town Hall - $100,000.00
Theodore D. Young Community Center Music Lab - $26,000.00
Secured - Community Development Block Grant Funding FY 2003-2006 for the following programs and project:

Audio-Visual Training Program – Theodore D. Young Community Center - $8,868.00

Youth Empowerment Program – Greenburgh Parks & Recreation ($12,000 for 3 Years) - $36,000.00

Improvements to Old Tarrytown Road Park – Greenburgh Parks & Recreation - $50,000.00

Sidewalk, Drainage and Flood Improvement to Old Tarrytown Road – DPW - $41,022.52

Law Enforcement Explorer Post Program – Greenburgh Police Dept. ($15,000 for the First Year and $7,500 for two additional years) - $15,000.00 - $7,500.00 - $7,500.00

Renovations and Improvements to Union Child Day Care Center k/n/a The Lois Bronz Children Center

Playground Safety Surfacing, Electrical Work, and Kitchen Renovations - $64,962.00

Air Conditioning Improvements Upgrades and Improvements - $112,675.00

Secured - Community Development Block Grant Funding FY 2006-2008 for the following projects:

Park Improvements at Travis Hill Park - $187,500.00

Park Upgrades and Improvements to Yosemite Park - $65,000.00

Obtained - New York State Office of Children and Family Services (f/k/a the Division of Youth) funding for Operation Crossroads Program at the Theodore D. Young Community Center.

RE: 2007 Goals

Below are some of the facts pertaining to the Town of Greenburgh’s Drug Treatment Court. I have listed the items that I feel are most pertinent to the interest of the community. If you require more information please let me know.

2006

The Greenburgh Drug Treatment Court has achieved its goal of enrolling 100 participants as set forth in the Federal Government mandates. Furthermore, the Drug Treatment Court has also accomplished the goal of graduating 40 Drug Court participants.

2007

We are actively seeking funding in order to expand the Drug Treatment Court Services to include an Educational component specifically directed at underage teen drinking and drugging; Relapse Prevention, and providing Mental Health Evaluation for all program participants. The Mental Health evaluations will be used to identify and treat those program participants who fall under the category of dual diagnosis. Moreover, our efforts to continue reaching out and educating the six villages within our catchment area will continue as well.
