Hello, this is _______ calling from Datar and Associates on behalf of Greenburgh Public Library. We are talking to people today seeking the opinions of registered voters regarding important issues facing the Library. This is a strictly confidential survey that will take just a couple minutes of your time.

QA. Are you a registered voter who resides in the Town of Greenburgh?

YES .......................................................... CONTINUE TO Q1  
NO/UNSURE ......................................................... GO TO QB

QB. Is there anyone in your household who is a registered voter in the Town of Greenburgh? (If YES ASK: MAY I PLEASE SPEAK TO THAT PERSON?)

YES ...................................................................... CONTINUE  
NO ................................................ THANK AND TERMINATE

QC: Do you live in one of the villages in the Town of Greenburgh, or in the UNINCORPORATED portion of the Town?

In a Village ............................................................. 30.2% (70)  
In the UNINCORPORATED portion ............... 69.8% (162)  
NEITHER/UNSURE .............................................. THANK AND TERMINATE

1. Do you use the Greenburgh Public Library?

YES ............................................................................. 66.4%  
NO ............................................................................. 33.6%  
UNSURE/REFUSED .................................................. 0.0%

2. If YES: "How would you describe your use of the library?"

   Frequent (several times a month or weekly) .......... 28.6%  
   Regular (monthly) .................................................. 14.3%  
   Occasional (several times a year) ......................... 40.9%  
   Infrequent (once or twice a year) ......................... 14.9%  
   Refused ............................................................ 1.3%

3. For the past five years, Trustees of the Greenburgh Public Library have been researching the concept of an improved and expanded library. Do you share their belief that an improved and expanded library is needed for the community?

YES ............................................................................. 67.2%  
NO ............................................................................. 15.1%  
UNSURE/REFUSED .................................................. 17.7%

In the last two weeks, the Board of Trustees of the Library mailed a publication to every household in the Town detailing an option to renovate and expand the existing facility on the existing site by adding the old Town Hall property to create one large library property. This information has also been shared at a public meeting and in various newspaper articles and a library publication.
I have several questions about this information:

4. Did you read the publication that was sent to your home?

   YES ....................................................................................... 22.8%
   I RECEIVED IT BUT DIDN'T READ IT ...................................... 25.0%
   I DID NOT RECEIVE IT ............................................................. 50.4%
   UNSURE/REFUSED (DO NOT READ) ........................................ 1.7%

5. How would you describe your awareness of the library expansion issue? Would you say you are:

   VERY AWARE........................................................................... 11.6%
   SOMEWHAT AWARE............................................................... 46.1%
   UNAWARE ................................................................................ 42.2%
   UNSURE/REFUSED (DO NOT READ) ...................................... 0.0%

6. Do you think that the proposed site is appropriate for the expanded and renovated library?

   YES ...................................................................................... 75.0%
   NO ....................................................................................... 2.2%
   UNSURE/REFUSED (DO NOT READ) .................................... 22.8%

7. IF NO: Which statement best describes why you believe the location is not appropriate?

   It's not a convenient location for Town residents ................. 0.0%
   I think a new library should be built on a different site .......... 0.0%
   I don't think the old Town Hall property should be used ...... 80.0%
   Unsure/Refused (DO NOT READ) ............................................ 20.0%

8. At $19.8 million, this project would cost the average household in UNINCORPORATED Greenburgh about $68 a year in increased Town taxes, since the Village residents pay for their own libraries already. Based on this information, would you support it?

   YES ...................................................................................... 66.4%
   NO ....................................................................................... 22.4%
   UNSURE/REFUSED (DO NOT READ) .................................... 11.2%

9. IF NO: Which statement BEST describes why you wouldn't support the project?

   We don't need an improved library ........................................ 13.5%
   I don't like the location ........................................................... 3.8%
   I don't want to increase taxes ................................................. 67.3%
   The project is just too expensive .......................................... 9.6%
   UNSURE/REFUSED (DO NOT READ) ...................................... 5.8%
10. The current library building and property is owned by all NON-VILLAGE residents, which are residents who live in UNINCORPORATED Greenburgh. The Town Hall property and building are owned by ALL Town of Greenburgh residents, which includes those who live in the villages. The Library Board believes the Town Hall property and building should be transferred to the library for a very small cost, because ALL residents already own the property and village residents will be able to use an improved and expanded library, even though they don’t have to pay for it. Which of the following statements best reflects how you feel on this issue?

- The property should be transferred for a very small cost ........................................ 31.9%
- A ‘fair market value’ should be charged for the property to the non-village residents of the Town of Greenburgh ........................................... 11.2%
- It’s an issue that should be resolved at a later date by members of the Town Board .......................................................... 15.1%
- The issue is too confusing to understand ....................................................... 30.2%
- Unsure/refused (DO NOT READ) ................................................................. 11.6%

Now I’m going to read you 5 statements. After I read each statement, please tell me if you agree strongly, agree, disagree, or disagree strongly with that statement. The first statement is...

11. It’s about time the community has a new and expanded public library.

   AGREE STRONGLY ................................................................. 25.0%
   AGREE ................................................................. 53.0%
   DISAGREE ................................................................. 13.4%
   DISAGREE STRONGLY ................................................................. 1.7%
   UNSURE/REFUSED ................................................................. 6.9%

The next statement is...
12. The project has been talked about for a long time and should be decided as quickly as possible, within legal limits.

   AGREE STRONGLY ................................................................. 19.0%
   AGREE ................................................................. 56.0%
   DISAGREE ................................................................. 12.9%
   DISAGREE STRONGLY ................................................................. 1.3%
   UNSURE/REFUSED ................................................................. 10.8%

The next statement is...
13. The expanded library should be constructed on existing library property, but the Town Hall property should be sold off to a commercial developer, and not used for the library.

   AGREE STRONGLY ................................................................. 0.9%
   AGREE ................................................................. 9.5%
   DISAGREE ................................................................. 52.2%
   DISAGREE STRONGLY ................................................................. 20.7%
   UNSURE/REFUSED ................................................................. 16.8%
The next statement is…

14. An expanded and renovated library is long overdue and would likely meet with the approval of voters.

   AGREE STRONGLY ................................................................. 19.0%
   AGREE .......................................................................................... 51.3%
   DISAGREE ..................................................................................... 16.4%
   DISAGREE STRONGLY ............................................................. 0.0%
   UNSURE/REFUSED ................................................................. 13.4%

15. A new and expanded library would be a great boon to the community, but this project is simply too expensive for the average household.

   AGREE STRONGLY ................................................................. 3.4%
   AGREE .......................................................................................... 26.3%
   DISAGREE ..................................................................................... 47.8%
   DISAGREE STRONGLY ............................................................. 9.5%
   UNSURE/REFUSED ................................................................. 12.9%

Now I have just a few questions designed to learn more about you for statistical purposes:

16. What is your age on your most recent birthday?

   18-29 .............................................................................................. 3.4%
   30-39 ............................................................................................. 9.1%
   40-49 ............................................................................................. 20.7%
   50-59 ............................................................................................. 25.0%
   60 or More ................................................................................... 38.8%
   REFUSED ....................................................................................... 3.0%

17. Do you have school-age children who attend the public schools?

   If no, do you have children that attend a private school or are home schooled?

   YES, CHILDREN IN THE SCHOOLS ......................................... 27.2%
   NO, CHILDREN IN PRIVATE/PAROCHIAL SCHOOL .............. 3.4%
   NO, CHILDREN HOME SCHOOLED ......................................... 0.0%
   NO, CHILDREN NOT YET IN SCHOOL ...................................... 1.3%
   NO CHILDREN AT ALL ............................................................. 67.7%
   UNSURE/REFUSED (DO NOT READ) ........................................... 0.4%

18. If yes: Do your children use the library?

   Yes ........................................................................................... 79.4%
   No .............................................................................................. 20.6%
   REFUSED ................................................................................... 0.0%

CONFIDENTIAL: PLEASE DO NOT COPY WITHOUT PERMISSION
19. How long have you lived within the Town of Greenburgh community?
