**PLANTING PLAN**

- **GENERAL NOTES:**
  1. All plant materials shall conform to the requirements as established by the American Association of Nurserymen, latest edition.
  2. All plant materials shall be vigorous and free of injury, defects or diseases. Plant materials shall be maintained in a condition to resemble those of the plants of similar size and species shown on the planting list.
  3. All plants shall be selected and tagged by the landscape architect.
  4. Contractor shall verify quantities in use on the contract documents. A landscape architect's drawing including the plant count as shown on the contract list and the plant identification shall be provided to the contractor prior to planting.
  5. The landscape architect may select any material on the contract list and the quantities are not to be reduced unless agreed upon by the contractor.
  6. No substitutions will be made unless authorized by the landscape architect.
  7. All trees shall be planted such that the root flare is 2'-3' above finished grade. Contractor shall verify root flare prior to planting. Trees shall be staked and tied as required by the landscape architect. Roots on trees shall be left in the ground. All trees shall not be set in direct contact with masonry.
  8. All trees and shrubs are to be trimmed as necessary to receive 2" layer of double shredded cedar bark mulch. Mulch shall not come in direct contact with trees.
  9. All plant materials shall be handled by the contractor with care to prevent injury to the root flare. Plants shall be set in the ground immediately after delivery. Contractor shall not plant more than 800 plants per day. Plants shall be set in the ground immediately after delivery. Contractor shall not plant more than 800 plants per day. Plants shall be handled with care to prevent injury to the root flare. Contractor shall not plant more than 800 plants per day.
  10. Trees shall be set or trimmed as indicated on the contract documents. Any changes or additions shall be made at the direction of the landscape architect.
