

The Sweet Talk Game helps you grow closer as a family by listening and sharing.

- Start with a large bag of M&M'S® or other colored candy.
- Randomly distribute the candy evenly to each family member (up to the amount you want each child to have) in a small bag or cup for each person.
- Have the first person close their eyes and reach into the bag for a candy. Have them share a little fact about themselves based on the color: Red = Something you love
Orange = A favorite food
Yellow = Something that makes you laugh
Green = Someplace you'd like to visit
Blue = Someone you'd like to meet
Brown = Something you'd like to have
- When they finish sharing, everyone who has that color of M&M'S® gets to eat one. Keep going until the last person runs out of candy.
