2020/11/12 9:50:59 AM EST	Very satisfied	The officers are nice and respectful and they do their jobs with little backing from the greenburgh town board.	No changes needed	These "deeds" are filled with bias. Whoever made this survey should be ashamed of themselves. They need to go to a class on how to properly conduct a survey. This is not how you do it. Additionally, whoever made the survey is severely uninformed about the police department. Every member already goes through anti-bias and de-escalation training. Maybe if you did due diligence you would know this. There is already independent investigations conducted by the NY Attorney General's office after each use of deadly force. You should clarify what a weapon is because that's too vague. The town board has already reduced funding for the police department as they are doing a significant amount of officers.
