11/24/2020 20:31:01	Somewhat satisfied	I was pulled over in my neighborhood for supposedly running a stop sign. I was questioned and ID was given then Let go because my wife was in the car who is an officer. I haven't had a ticket in over 30 years of driving. I felt as if I was targeted I was driving a 2020 vehicle.	Minor changes needed	Require officers to have good relations with the community, Support management practices so officer's misconduct is addressed, Support management practices so officers with multiple incidents of misconduct are not allowed to serve., Ensure that police detaining, questioning and searching tactics are consistent across all of Greenburgh Police Department's neighborhoods., Hire more diverse police workforce., Require independent investigation after each use of a weapon. Yes			Very negative	White police officer pulled four black teenagers over on Tarrytown road and made them exit the car on suspected drug activity because one passenger (a medical student) reached to put his seatbelt on. This was after the officer turned on his lights, so there was no probable cause. The four teenagers were accused of lying and threatened with a K-9 unit.	No										26 - 40 years old	Male	White or Caucasian	Yes	10530
11/26/2020 13:05:23	Not very satisfied	Their use of intimidation when dealing with civilians. Yes		6/26/2020	Very negative	The encounter was at my mothers home and the police come to our barbecue as they frequently do. Things quickly escalated from investigating a noise complaint to harassment. We lowered the music and the proceeded to return and park on the street a couple of houses up. On officer came on to the porch, providing no specific reason and proceeded to try and enter a house after repeated being told that her did not have permission to enter the home and to please leave the property. He said he did not need permission and only noised his demeanor after being told he would be report for harassment if he didn't leave. He threatened to give a summons for the noise but eventually left the property (but stayed on the street.)	No										In general the culture of intimidation and harassment of residents need to stop. While I've dealt with many reasonable officers I've also dealt this just as many officers who use bullying and intimidation to manipulate civilians to comply with what ever the demand are, the even if the citizen has done nothing wrong.	So intimidating the residents, stop harassment the residents(especially young Blacks men- not a cliche, I've witness many be unnecessary arrest and frustrated), eliminate the arrogant tone that many officers use when dealing with residents	26 - 40 years old	Female	Prefer not to say	Yes	10603
11/26/2020 13:24:52	Very satisfied	I love how friendly they are and always willing to help. Most of them live in the area and are known to in the community.	No changes needed	None at all.	No													They are nice members of our community. There has never been any issues with racism for me.	None.	26 - 40 years old	Female	Black or African-American	Yes	10530

No changes needed	Develop more community based police programs	Yes		10/15/2017	Very Positive	I needed assistance on a domestic matter. The officers were very professional and empathetic. Race, gender and age did not and do not matter to me.	No								Professional and friendly.	None	41 - 60 years old	Female	White or Caucasian, Latino or Hispanic	Yes	10603
11/26/2020 17:39:34	Very satisfied	They all appear to be very friendly	No changes needed	No changes needed	Yes		7/21/2020	Very Positive	Met at Dunkin' Donuts. Race and gender is irrelevant	No										26 - 40 years old	Male	Prefer not to say	Yes	10523
11/26/2020 17:43:47	Don't know/No answer	Haven't interacted with them personally. The closest I've come is watching them handle traffic. Now there's an opportunity for improvement.	Don't know/No answer	Require officers to have good relations with the community, Support management practices so officers with multiple incidents of misconduct are not allowed to serve., Require anti-bias and/or de-escalation training for all members of the police force more often than once a year., I can't commit to " supporting management practices" when I don't know what the practices are and what you are looking for me to do to "support management practices'. I would suggest Making selection criteria for the job much more stringent.	No													The police dept seems to be doing an ok job. I bet the officers can tell you (if they haven't already done so) the weaknesses and strengths of the dept as well as possible workable solutions. Have you asked them? And if their solutions require resources, are you willing to provide them?	None at the moment.	41 - 60 years old	Prefer not to say	Other/Unknown	Yes	10530

Yes		10/25/2020	Somewhat negative	My 65 yr old Black mother, was pulled over by a white male officer for allegedly driving in the shoulder, she went on to pass making a right turn into a parking lot. While the officer did not ticket her berated and demeaned her, was extremely condescending and he behavior was uncalled for. Unfortunately my mother did not get his name or badge number	No												26 - 40 years old	Female	Black or African-American	Yes	10607
11/27/2020 7:24:47	Very satisfied		Minor changes needed	Ensure that police detaining, questioning and searching tactics are consistent across all of Greenburgh Police Department's neighborhoods.	Yes		Somewhat negative	Not an incident A moving violation	No										41 - 60 years old	Female	White or Caucasian	Yes	10530
11/27/2020 8:38:15	Very satisfied	Not dislike, but wish we had more patrols, and enforcement of stop signs, particularly around schools.	No changes needed	Why is this one "required", when all of the choices have at least some anti-police bias?	Yes	6/1/2020	Very Positive	Police presence at anti-fraud class at our local bank.	Yes, I'd like to describe another encounter	4/20/2018	Very Positive	Police traffic stop, handled professionally and with courtesy. Entirely proper.	No					From my limited experience the department appears professional and competent.	More traffic enforcement, including on Central Ave, which at times seems like the 'Indy 500'.	41 - 60 years old	Male	Prefer not to say	Yes	10583

1/27/2020 20:28:42	Very satisfied	These are the "likes": Their accessibility, their competence and sensitivity when dealing with the public, and their prompt addressing of concerns of town residents.	No changes needed	You have assumed practices that are not in evidence, some of which are not just insulting to the police force in our community, but ar categorically untrue. Instead of looking to the local police for problems in the minority communities here, I suggest you look to funding a committee of social workers and other qualified individuals to get directly involved with families in the community to empower them to achieve through emphasing education and upward mobility in their families.	Yes		3/1/2019	Very Positive	The police were very helpful in protecting and assisting in a community based examination of a dangerous area in town where a pedestrian had been killed. They were also happy to answer questions and concerns addressed to them. And, by the way, I recognized a wonderful African American officer (Officer Hall) whom I had spoken with previously who had left a very favorable impression on me in his handling of a prior community event. He actually remembered me, and couldn't have been more professional or pleasant. I frankly didn't notice how many of my fellow neighbors who were present were white, black or brown, or how many males, females or transgenders were present. And as I have not examined their DNA, I frankly would have no idea what some of them were to begin with. Your need to insert race into each and every question to create issues which don't exist would be laughable if it weren't so insulting to us all.	No										Here it is- plain and simple- our police force is the-the-entity that keeps us safe and protects us from everything from criminal activity to incidents involving dangerous roadway conditions. If you are looking for "systemic racism" here--a term of art that appears to mean whatever you want it to--I can only conclude that your agenda is such that you are out to substitute your judgement for that of law enforcement professionals, and you have really shown your cards with your incredibly biased questions. If you seriously think that "systemic racism" exists in our police department, then you are either blind, in denial, or looking for a scapegoat for the ills that have plagued certain communities for decades. The solution is NOT reforming our police force, but reforming the problem-where it begins--in the home. You want to do something REALLY valuable for this town? Take some of the funding already in place and do not ask one more dime from the struggling taxpayers here--and direct it to effective domestic education. If you were brought up, let's say, by an unwed teenager or an elderly grandparent, you are already compromised. However, by educating families about the value of education itself and the way to upward mobility, you change this cycle. And before you dismiss my observations as that of one of our affluent clueless members of the community, I'll have you know that I started life in one of the worst housing projects in the entire metropolitan area. Education and a vision of a better life saved me. So perhaps your group should be looking instead into ways to EMPOWER communities, rather than ways to emasculate our dedicated police force, who risk their lives everyday for us all.	Perhaps more emphasis on traffic enforcement, as we have a rash of drag racers and speeders who pose a constant danger to our community.	Prefer not to answer	Female	Prefer not to say	Yes	10:50	
1/28/2020 7:07:18	Not very satisfied	They seem to follow the ecorn and intimidate model rather than protect and serve	Minor changes needed	Require officers to have good relations with the community, Support management practices so officer's misconduct is addressed, Support management practices so officers with multiple incidents of misconduct are not allowed to serve., Promote community-based solutions to preempt situations of violence., Develop more community based police programs, Ensure that police-detaining, questioning and searching tactics are consistent across all of Greenburgh Police Department's neighborhoods., Hire more diverse police workforce., Require anti-bias and/or de-escalation training for all members of the police force more often than once a year., Require independent investig ation after each use of a weapon. Yes		2/1/2021	Somewhat negative	I dont quite remember the date and Feb. is just a guess of what my interaction took place. It white male officer was in my neighborhood as there was a fire at granada crescent all the parking was taken up and i wasn't quite sure what was going on and when i'd be able to park. I was extremely pregnant at the time and so i asked the officer how to proceed and he was EXTREMELY RUDE AND DISMISSIVE and literally said "i don't know" and proceeded to watch videos on his cellphone. I pay taxes and thus officers should be an example and focus on building community relations as opposed to acting as though civilians are interrupting their "free time" when they are on the clock. As a result, I had to wait in the kid for over an hour and until he felt like moving his car along with the other officers who were taking up about 20 parking spaces for an incident that was 2 buildings down	No												Hire more people of color. Promote people of color to roles of leadership. Engage all officers with diversity training. Understand that summer camp with young males of color does nothing to limit the threat that is felt when these young boys become men and thus training that focuses on hidden biases and calls out their hidden fears is important.	26 - 40 years old	Female	White or Caucasian, Black or African-American	white plains but i am assessed in greenburgh	10:00

Major changes needed		Yes			Somewhat negative	Stopped by my house to ask if my camera worked as they were looking for footage. Male, 40s, white, early afternoon	No									Based on an incident from years before, I won't let my husband or son answer the door when police knock as they are both Latino and I'm white. Ive heard similar sentiment from neighbors and friends in Greenburgh. Having been at marches and protests and City events as a reporter - maybe ask people why they want to be cops – if it's for power or ego (or a similar underlying reason) then that's not the right reason.	Im not the expert - seems like a good question for them but here's a place to start: Recognize the importance and need of improvement in diversifying personnel (behind desk and in the field) and improving community relations - maybe ask people why they want to be cops – if it's for power or ego (or a similar underlying reason) then that's not the right reason.	26 - 40 years old	Female	White or Caucasian	Yes	10:00

Yes		4/26/2018	Very negative	my 11 year old daughter was in crisis. Police had responded several times, each time was rushed. There was no cohesion. Each time they responded, I had to explain the Entire story from the beginning. Both times that she was transported to the ER, her bedroom door was pushed open, it took 4 officers to grab her and drag her by/dig to a gurney. They just could not leave their policing duties long enough to de-escalate.	No													I just went two officers from each shift who are trained to deal with a call that needs de-escalation and stay long enough before pushing the family to either press charges or transport them for psychiatric evaluation.	By having two specially trained officers on each shift, they are able to be relied on the event that they are needed. Two on each shift, also allows room for shift changes, sick days, vacation days etc. without being short of a crisis officer at any given time.	41 - 60 years old	Female	White or Caucasian	Yes	10903

I think the problem lies with The town board and Edgemont if you look at Greenburgh police department it fairly represents the community. Why is it that the Edgemont teachers association does not fairly represent the community why aren't there more African-American teachers more minority teachers there that represent Greenberg's population not just Edgemont. Why is it that children from Fairview don't have the choice to go to Edgemont and why aren't edge my kids bad to Woodlands why do we have to be segregated. Why do we have two community centers one in Edgemont one in Fairview warranty combined warranty activities combine d. It seems instead of dealing with the real issue you're looking to try to find something that does not exist we are very proud of our Police Department but ashamed of the segregation that goes on within the town.	41 - 60 years old	Male	Black or African-American	Yes		10507

No												I have a generally positive view of our police department. A small thing, but I once went to the police building near Christmas time and it was filled with Christmas decorations. I saw little to no acknowledgement of any other religion and it hit me as a very outdated view of our community and maybe an old fashion, old boys club attitude.		41 - 60 years old	Female	White or Caucasian	Yes	10530	
12/3/2020 22:21:31	Very satisfied	The officers that I have been in contact with or otherwise observed during the many years that I have resided in Greenburgh demonstrated a high level of professionalism in the performance of their duties.	No changes needed	In order for one to be in a position to answer this question without wildly speculating, we would need to see the data for these specific factors.	Yes		Very Positive	If we are seeking equality among all people regardless of race, gender, age, etc. why do we always resort to categorizing people into these groups. Suffice to say that over the many years of having contact with members of the police department, I personally found those encounters to be positive.	No									The role of police officers clearly is to maintain law and order by protecting members of the public and their property, preventing crime, responding to emergencies, and improving the quality of life for all citizens. If there are bad officers, then weed them out. Continue to provide and enhance training to improve their skills in all areas including interacting with the public they serve. What we don't want to do is jump on the false narrative that in order to improve community relations/policing that we should defund or reduce the police department's budget which would result in less officers. Less officers handling the same caseload results in more stress on existing officers which can lead to mistakes.	If Supervisor Paul Feiner would recognize more often in his "gollet blasts" positive stories of the officers performing, what remains a very dangerous job despite the relative safety of our town as compared to other towns and cities in the NY Metropolitan Area., it would go a long way in improving how the community perceives the police officers. He touts his accomplishments often and occasionally those of serious town department personnel, but other than one story that I can recall of Emergency Service Personnel saving two opioid overdosed individuals at the same location with Naloxone, there is absent any recognition of the jobs that these civil servants perform.	51 or older	Again, this question I find to be divisive	Prefer not to say	Yes	10530

They did not assume that I was right Because I had made the car for them. They help me to calm down. They helped the other person to calm down. They separated us and took a lot, a lot of time to try to resolve the situation for both of us. And of course it was difficult. It was painful. We were both full I have so much anguish and emotion. Separating, us and calming, us down and taking so much time with us without prejudice as to who is right and who was wrong. I think it made all the difference in the world. The only thing I wish is that they could have come in unmarked cars because although the lights were not on and neither are the sirens there were still three parts police cars outside my home it's all my neighbors side and that was so embarrassing. In all cases the police who came and they were many were gentle and understanding, patient not just with me but with my boyfriend and my daughter who were involved in a situation. As difficult as they were I felt they did their best to treat us all with respect and not take sides. That was the big one. They did not take sides. They did not assume that I was right. Because I had made the car for them. They help me to calm down. They helped the other person to calm down. They separated us and took a lot, a lot of time to try to resolve the situation for both of us. And of course it was difficult. It was painful. We were both full I have so much anguish and emotion. Separating us and calming us down and taking so much time with us without prejudice as to who is right and who was wrong. I think it made all the difference in the world. The only thing I wish is that they could have come in unmarked cars because although the lights were not on and neither are the sirens there were still three parts police cars outside my home it's all my neighbors side and that was so embarrassing. 12/8/2020 17:15:04	Don't know/No answer	I do not like when police run the engine of parked police cars – it is unnecessary pollution and pollution often hurts black and brown people more because they are subject to more of it through their lifetimes. Needless burning gas pollutes the air for our police who are standing near it, contributes to air pollution that affects everyone and wastes taxpayer money. 12/21/2020 22:30:00	Somewhat satisfied	The community Police in Fairview is not good. The whole purpose with community Police is for the police a get to know the people that live in the community. You can not get to know the community if you sit in your car and the only time you get out of it is when it's confrontation. The community police begun in Fairview. As being a community activist in Fairview I know none of the white police officers by name, only the Chief.	Mayor changes needed	Require officers to have good relations with the community, Support management practices so officer's misconduct is addressed, Support management practices so officers with multiple incidents of misconduct are not allowed to serve., Promote community-based solutions to preempt situations of violence., Develop more community based police programs, Ensure that police detaining, questioning and searching tactics are consistent across all of Greenburgh Police Department's neighborhoods., Hire more diverse police workforce., Require independent investigation after each use of a weapon, if the police used their fire arms they should lose their 48 hours to get their story together.	Yes		7/20/2015	Very negative	The Greenburgh police was called by me because I was attacked on Greenburgh housing property when I was on the board of commissioner of the housing authority. I informed the police that I was attacked and they told me to work it out with the person. I had to go to the federal Building in White Plains to make a complaint and they made the police department take a statement and arrested the person who attacked me.	No													When the police department come to Fairview community they don't have no respect They call with the commester trucks and guns out not thinking about that they might be Trauma children and youth. And they don't do that in other communities.	51 or older	Male		Prefer not to say		Yes		10603
